Dear Sir:

After mailing of the Notice of Allowance on January 3, 2006, Applicants filed Supplemental Information Disclosure Statements on February 6, 2006 ("the February 6 IDS") and February 28, 2006 ("the February 28 IDS"). Each of these Information Disclosure Statements was filed under 37 C.F.R. § 1.97(d) along with certification under 37 C.F.R. § 1.97(e) and the fee required under 37 C.F.R. § 1.17(p). As of April 3, 2006 (the due date for payment of the issue fee), the Examiner had not yet considered the February 6 IDS or the February 28 IDS. Accordingly, Applicants request that each Information Disclosure Statement be considered and printed on the face of the Patent when issued.

Furthermore, in the October 17, 2005 Office Action, the Examiner stated that the Information Disclosure Statement filed August 3, 2005 did not comply with 37 C.F.R. 1.98(a)(3) because no translation of the Korean Office Action was provided. Thus, the Examiner did not consider any documents cited on the form PTO-1449.

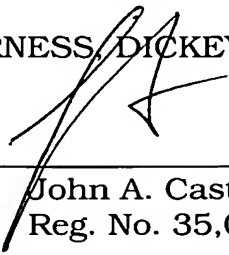

As stated in Applicants' resubmission of the August 3, 2005 IDS (filed February 6, 2006), the Examiner is not required to nor do Applicants request the Examiner's consideration of the Korean Office Action. The Korean Office Action is merely provided as proof of the date on which the Office Action was issued such that Applicants can provide proper certification under 37 C.F.R. § 1.97(e). Regardless, however, it appears that the Examiner has overlooked and failed to consider U.S. Patent No. 6,391,803 listed on the form PTO-1449. Accordingly, Applicants request that **the Examiner consider U.S. Patent No. 6,390,803**, and that this reference also be printed on the face of the patent when issued.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies to charge payment or credit any overpayment to Deposit Account No. 08-0750 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.

Respectfully submitted,

HARNESS, DICKEY & PIERCE, PLC
